

INTERNATIONAL ADVANCED
SCHOOL IN AGRICULTURAL
METEOROLOGY

THIRD EDITION

**Bratislava, Slovakia
11-15 December 2023**

AGRICULTURAL METEOROLOGY

FOR SUPPORTING
CROP PRODUCTION

◆ **Registration Opening** **1st of May 2023**

Link to the registration form and info
will also be available on AIAM website
<https://www.agrometeorologia.it>

◆ **Contact** **AgroMetSchool@gmail.com**

◆ **About the Course**

Crop production and natural resource management need innovative approaches to cope with climate challenges and geopolitical crises that increasingly threaten agriculture. Agrometeorology, through the development of new information, knowledge, and innovative tools can mainstream science into operational agriculture.
